

11/02/2018

As a first time in India, and Kolkata, I am very impressed by the community involvement of ITARAI ASHA BEEP. Let's keep this attitude and solidarity to deal to all challenges of life.

Thanks for your generous welcome. I will bring what I've learned in my ~~birth~~ country (DRC) in Africa.

Thank you for the wonderful reception, the nice interactions (what a vocal group: many empowered voices), the moving song and the delicious food. Keep growing in confidence and involve the boys in the program
